

International Plant Protection Convention

01_TPDP_2018_Feb Agenda item: 2.3

2018 MEETING OF THE TECHNICAL PANEL ON DIAGNOSTIC PROTOCOLS

05 - 09 February 2018 EPPO headquarters, Paris, France

Opening: Monday 05 February at 09:30 Monday schedule: 09:30 – 13:00 and 14:00 – 17:00 Daily Schedule (Tuesday – Friday): 09:00-12:00 and 13:00-17:00

AGENDA

(Last updated: 2017-11-10)

Agen	Agenda Item		
1.	Opening of the Meeting		
1.1	 Welcome by the IPPC Secretariat Welcome by the meeting host: European and Mediterranean Plant Protection Organization (EPPO) 		
2.	Meeting Arrangements		
2.1	Selection of the Chairperson		
2.2	Selection of the Rapporteur		
2.3	Adoption of the Agenda		
3.	Administrative Matters		
3.1	Documents list		
3.2	Participants list		
3.3	Local information		
4.	Overview of the TPDP work programme Link to List of topics for IPPC Standards Link to IPPC DPs drafting groups list Link to TPDP 2017-02 meeting report		
5.	Review of draft diagnostic protocols after consultation period ¹		
5.1	Revision of the DP2. <i>Plum pox virus</i> (2016-007), priority 1 - Discipline lead's summary of comments from consultation - Compiled comments (including discipline lead's responses)		
5.2	Xylella fastidiosa (2004-024), priority 2 - Discipline lead's summary of comments from consultation - Compiled comments (including discipline lead's responses)		
5.3	Puccinia psidii (2006-018), priority 2 - Discipline lead's summary of comments from consultation - Compiled comments (including discipline lead's responses)		

¹ Additional resources: IPPC procedure manual for standard setting: <u>https://www.ippc.int/en/core-activities/ippc-standard-setting-procedure-manual/;</u> IPPC style guide: <u>https://www.ippc.int/en/publications/81329/;</u> TPDP instructions to authors: <u>https://www.ippc.int/en/publications/83612/</u>

Agend	da Item
Agent	Bactrocera dorsalis complex (2006-026), priority 2
5.4	- Discipline lead's summary of comments from consultation
	- Compiled comments (including discipline lead's responses)
	Conotrachelus nenuphar (2013-002), priority 2
5.5	- Discipline lead's summary of comments from consultation
	- Compiled comments (including discipline lead's responses)
	<i>lps</i> spp. (2006-020), priority 4
5.6	- Discipline lead's summary of comments from consultation
	Compiled comments (including discipline lead's responses)
6.	Review of draft diagnostic protocols before consultation period Striga spp. (2008-009), priority 1
	- Discipline lead's summary
6.1	- Checklist for discipline leads and referees
	Begomoviruses transmitted by <i>Bemisia tabaci</i> (2006-023), priority 2
6.2	- Discipline lead's summary
	- Checklist for discipline leads and referees
	Candidatus Liberibacter spp. on Citrus spp. (2004-010), priority 2
6.3	- Discipline lead's summary
	- Checklist for discipline leads and referees
7.	Updates from relevant IPPC bodies
	Relevant updates from other IPPC meetings:
	- Standards Committee (SC) (Link to SC meeting reports)
7 4	CDM Dursey (Link to CDM Dursey reacting reports)
7.1	- CPM Bureau (Link to CPM Bureau meeting reports)
7.1	- IRSS 2016 general survey: draft summary (Link to summary of IRSS survey)
	 - IRSS 2016 general survey: draft summary (<u>Link to summary of IRSS survey</u>) - CPM-13 (2018) side session on "gene sequencing and molecular technology"
7.1 8.	 - IRSS 2016 general survey: draft summary (<u>Link to summary of IRSS survey</u>) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings
	 - IRSS 2016 general survey: draft summary (<u>Link to summary of IRSS survey</u>) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols:
8.	 - IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working
	 - IRSS 2016 general survey: draft summary (<u>Link to summary of IRSS survey</u>) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions)
8.	 - IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions) TPDP specification TP 1
8.	 - IRSS 2016 general survey: draft summary (<u>Link to summary of IRSS survey</u>) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions)
8.	 - IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions) TPDP specification TP 1
8. 8.1	 - IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs
8 . 8.1 8.2	 - IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) - CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: - New way of working - Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR
8 . 8.1 8.2 8.3	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results
8 . 8.1 8.2 8.3 8.4	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results Control options for molecular tests for pest group categories
 8.1 8.2 8.3 8.4 8.5 	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results Control options for molecular tests for pest group categories Quality Assurance for diagnostic protocols Best practices for sequencing Considerations for updating TPDP procedures and guidance
 8. 8.1 8.2 8.3 8.4 8.5 8.6 	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results Control options for molecular tests for pest group categories Quality Assurance for diagnostic protocols Best practices for sequencing Considerations for updating TPDP procedures and guidance Proposed changes based on the review of DPs
 8. 8.1 8.2 8.3 8.4 8.5 8.6 	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results Control options for molecular tests for pest group categories Quality Assurance for diagnostic protocols Best practices for sequencing Considerations for updating TPDP procedures and guidance Proposed changes based on the review of DPs TPDP Working procedures
 8.1 8.1 8.2 8.3 8.4 8.5 8.6 9. 	 IRSS 2016 general survey: draft summary (Link to summary of IRSS survey) CPM-13 (2018) side session on "gene sequencing and molecular technology" Follow-up on actions from TPDP previous meetings Strategic discussion on the future of the TPDP and diagnostic protocols: New way of working Identification of gaps (new / revisions) TPDP specification TP 1 Link to adopted ISPMs Guidance on the controls for the immunocapture RT-PCR ELISA controls and interpretation of results Control options for molecular tests for pest group categories Quality Assurance for diagnostic protocols Best practices for sequencing Considerations for updating TPDP procedures and guidance Proposed changes based on the review of DPs

Agenda Item		
10.1	European and Mediterranean Plant Protection Organization (EPPO) update on diagnostic protocols	
10.2	International Organization for Standardization (ISO)	
11.	TPDP work plan	
11.1	TPDP 2018-2019 work plan	
12.	Other business	
13.	Recommendations to the SC	
14.	Closing of the meeting - Evaluation of the meeting - Close
