submitted for
adoption**

Draft ISPM

**= 1 draft ISPM
first consultation**

2016 (TPPT forecast)

TOTAL OF

10

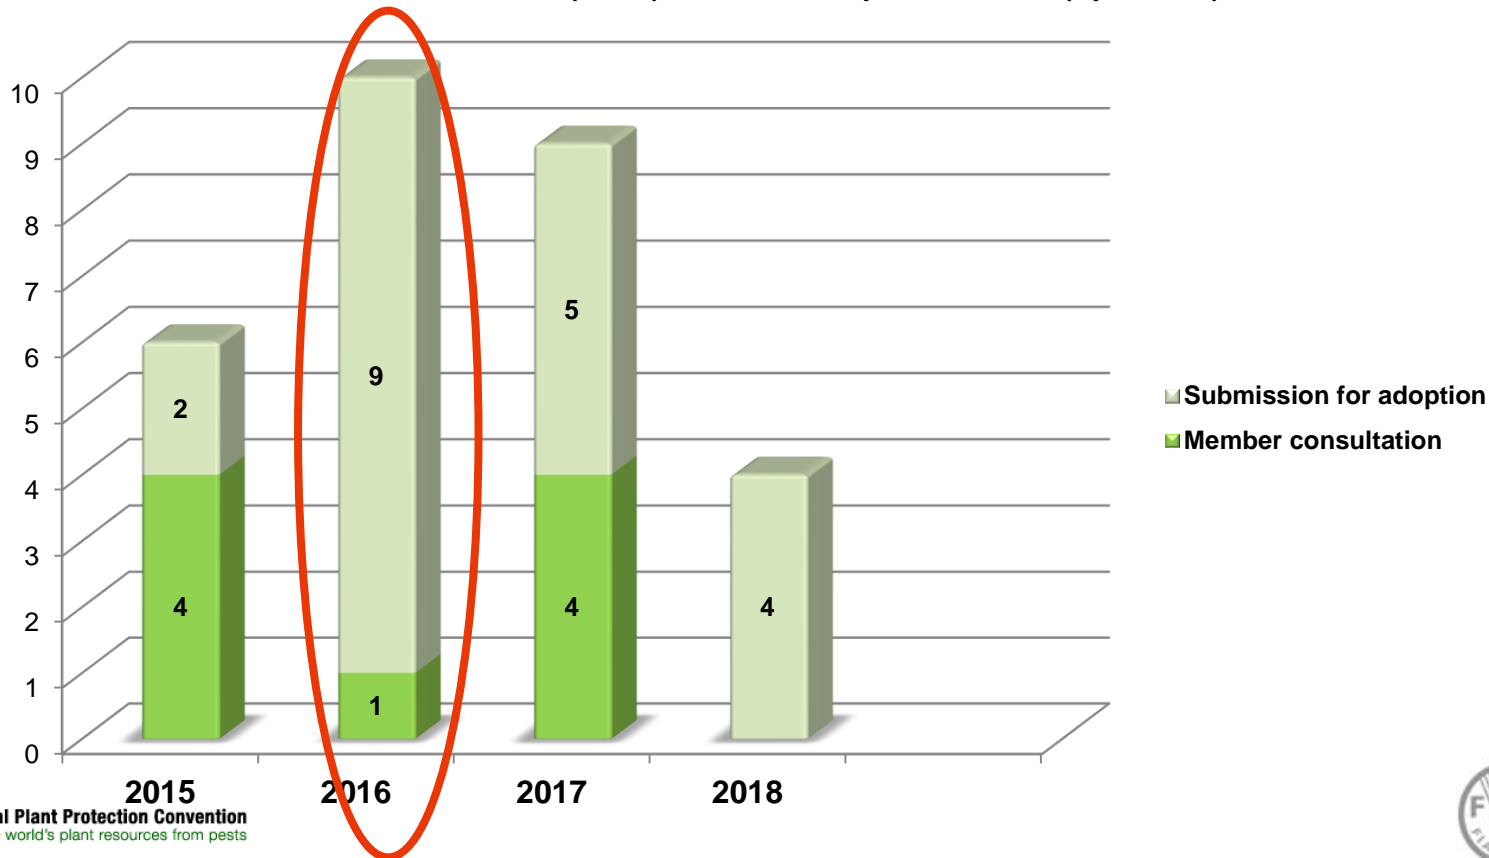

DRAFTS
PROGRESSED

Volume of work (TPPT pipeline)

- 13 phytosanitary treatments (Annexes to ISPM 28. *Phytosanitary treatments for regulated pests*)
 - 5 ISPMs on treatment requirements

Draft PTs and ISPMs (TPPT) medium term plan forecast (April 2016)

TPPT Highlights

- May 2015 to April 2016 -

TPPT highlights

Volume of work

(May 2015 – April 2016)

4 meetings: > **8** PTs + **1** ISPM

4 TPPT e-forums; **Several** emails

1 first consultation: **4** PTs

Adoption by CPM: **2** PTs

5 draft ISPMs being developed

TPPT highlights

9 PTs pending research results: how different fruit fly populations respond to cold treatments

Liaison with International Organizations

- PMRG

Horizontal issues

- Extrapolation to estimated efficacy
- “Probit 9”
- Instructions to assist NPPOs and RPPOs in proper and complete submissions
- Definition of effective dose

2016 TPPT meeting organization

29 Aug – 02 Sep 2016, Japan

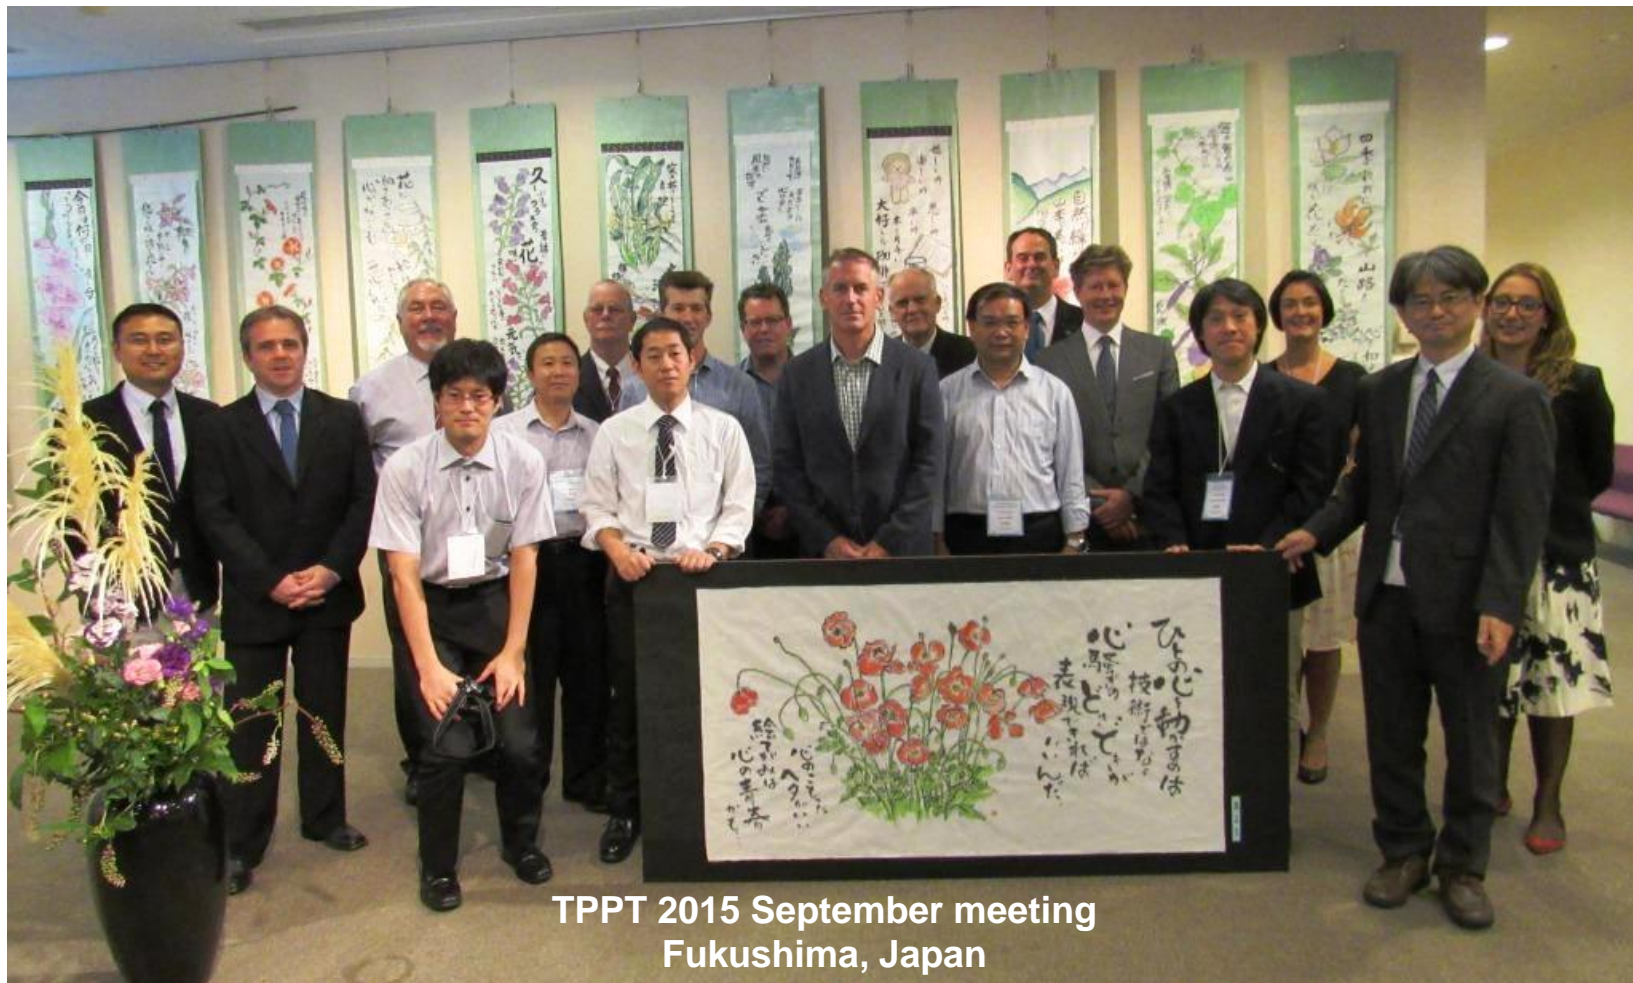

Hosted by Japan NPPO (MAFF)

Tentative agenda:

- Outcomes of research results on how different fruit fly populations respond to cold treatments (9 draft PTs)
- 4 draft PTs from 2015 MC
- 1-2 draft ISPMs

❖ Thank you to all TPPT members, steward and assistant steward.

TPPT 2015 September meeting
Fukushima, Japan
