

The International Plant Protection Convention

IPPC Regional Workshop 2016

Update from CPM-11

Corné van Alphen

Netherlands

European Member CPM Bureau

September, 2016

CPM Bureau

- Executive body of the CPM that provides guidance to the IPPC Secretariat and CPM on strategic direction, cooperation, financial and operational management
- Seven members, elected by CPM
- Every FAO region is represented in the Bureau
- Current Chair is Ms Lois Ransom (Australia), Vice Chair is Mr Javier Trujillo Arriaga (Mexico)
- Bureau meets 3 times per year and has one virtual meeting

CPM – 11 update

- Commission on Phytosanitary Measures (CPM) is the governing body of the IPPC: 182 contracting parties meet annually and take decisions on important topics for the IPPC
- CPM-11 met from 4 – 8 April 2016 in Rome (FAO)
- CPM-11 approved five IPPC annual themes towards 2020, each year with a specified theme:
 - 2016 is year of plant health and food security (e.g. keynote speech from Prof. Rudy Rabbinge (Wageningen University))
 - 2017 is year of plant health and trade facilitation
- CPM-11 adopted nine standards by consensus including two ISPMs, two treatments and five diagnostic protocols

CPM-11 update (2)

- CPM-11 adopted the Framework for Standards and Implementation as a working document to record standards and other tools and to assist with identification of gaps
- Concept of “commodity standards”
- New topics to the list of standards and agreed on amendments in the standard setting procedure
- Review of the Capacity Development Committee and establishment of a Focus Group to discuss the purpose, scope and functions of a new oversight body for capacity development and implementation facilitation
- Further development of the pilot programme on surveillance
- Developments in ePhyto including STDF project

CPM-11 update (3)

- Steering Committee for the proclamation of International Year of Plant Health 2020
- Resource mobilization: need to stabilise and create sustained investment in the core operational programmes
- Side events on emerging issues such as *Xylella fastidiosa* and invasive ants, ePhyto, diagnostic protocols and surveillance and plant health in the 21st century
- Training session on ISPM32 “Categorization of commodities according to their pest risk”
- Special topic session on sea containers
- CPM-12 (2017) will be held in Republic of Korea (Incheon).

Post CPM-11 events

- FAO-IPPC-CIHEAM workshop on *Xylella fastidiosa* (Bari, April 2016)
- IPPC Seminar on Plant Health Standards and Food Security (FAO, May 2016)
- Meetings of the Standards Committee (SC) and CDC in May
- Bureau meeting in June in Beijing (including discussions on sea containers, financial and operational strategies, preparation of Strategic Planning Group and CPM-12)
- Meeting of the Focus Group on oversight body for implementation facilitation and capacity development (Paris, July 2018)
