

The list of bilateral¹ National Reporting Obligations as provided by the IPP Convention

	National Reporting Obligation	The International Plant Protection Convention text (<i>quotation</i>)	References in the IPPC
1.	Provide a description of organizational arrangements for plant protection	<i>A contracting party shall provide a description of its organizational arrangements for plant protection to another contracting party, upon request.</i>	Article IV 4
2.	Make available the rationale for phytosanitary requirements, restrictions and prohibitions	<i>Contracting parties shall, on request, make available to any contracting party the rationale for phytosanitary requirements, restrictions and prohibitions.</i>	Article VII 2(c)
3.	Inform of significant instances of non-compliance with phytosanitary certification	<i>Importing contracting parties shall, as soon as possible, inform the exporting contracting party concerned or, where appropriate, the re-exporting contracting party concerned, of significant instances of non-compliance with phytosanitary certification.</i>	Article VII 2(f)
4.	Report the result of its investigation regarding significant instances of non-compliance with phytosanitary certification	<i>The exporting contracting party or, where appropriate, the reexporting contracting party concerned, should investigate and, on request, report the result of its investigation to the importing contracting party concerned.</i>	Article VII 2(f)
5.	Develop and maintain adequate information on pest status and make such information available	<i>Contracting parties shall, to the best of their ability, conduct surveillance for pests and develop and maintain adequate information on pest status in order to support categorization of pests, and for the development of appropriate phytosanitary measures. This information shall be made available to contracting parties, on request.</i>	Article VII 2(j)
6.	Cooperate in providing the technical and biological information necessary for pest risk analysis	<i>The contracting parties shall cooperate with one another to the fullest practicable extent in achieving the aims of this Convention, and shall in particular (...) cooperate, to the extent practicable, in providing technical and biological information necessary for pest risk analysis.</i>	Article VIII 1(c)
