

# Online System for Compiling Member Comments

July 2010 Near East Regional  
Workshop

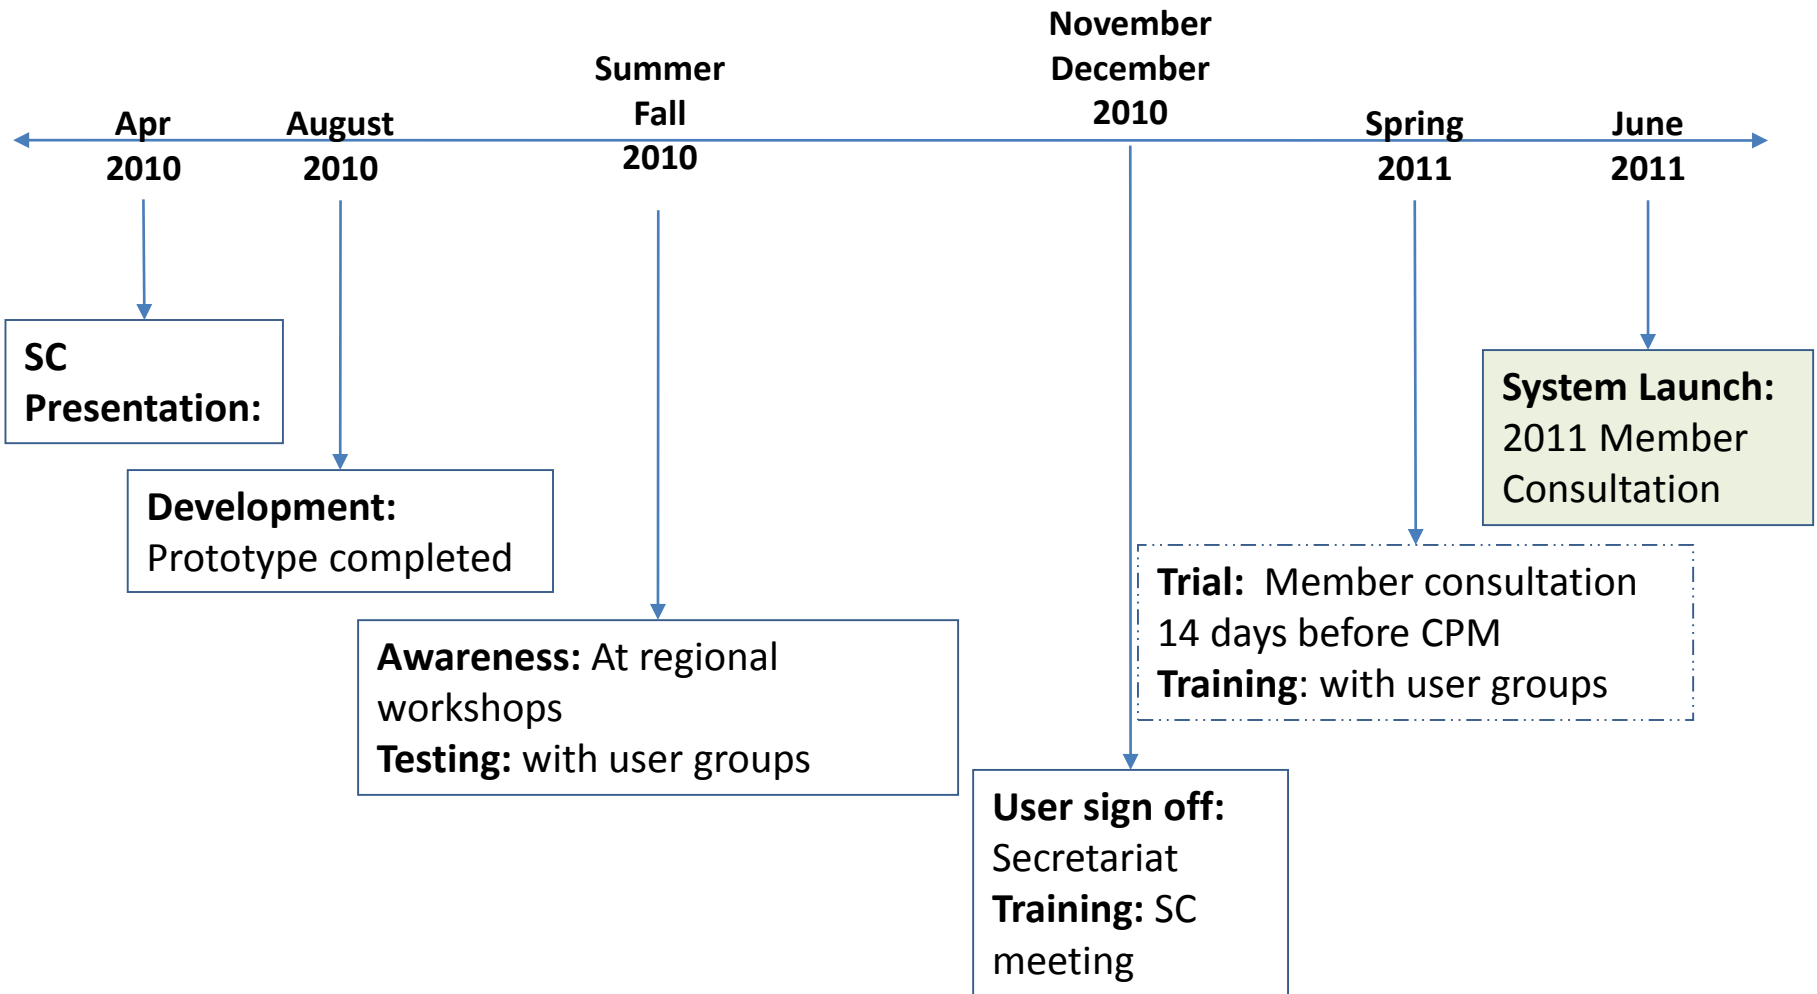

# Purpose of Online System

- **Achieve** standard setting work programme goals with **limited** Secretariat staff resources
- Streamline commenting system for members

# System Goals

- Increase efficiency and accuracy in the commenting process for the Secretariat, Contact point, In-country reviewers
- Robust, reliable, user-friendly editing features for users
- Light weight model, caching and low band tools for users with slow or limited internet access
- Incorporate additional features requested by users, like comment sharing with other member states, levels of delegation within member states, offline component
