

# NRO Workshop Pest report

*with a Special Support by the FAO-China South-South Cooperation Programme*

**IPPC Secretariat**

**5-6 September 2019, Beirut, Lebanon**

Food and Agriculture Organization  
of the United Nations

International Plant  
Protection Convention

# Pest report

When did you or your OCP submitted pest report

## Pest report

The occurrence, outbreak or spread of pests that may be of immediate or potential danger should be reported via the IPP once they happen.

## What should be reported under Pest Report

A pest report should contain important information that allows other countries to adjust as necessary their phytosanitary import requirements and to take actions taking into account any changes in pest risk.

Ref. ISPM-17: Pest reporting and  
NRO Guide: Chapter 2.5

# Pest report

How to submit a pest report

## 2.5 a) Create a new pest report

Log in to the IPP website (see [1.1 Login to the site](#)) and click on the button labelled "Edit Country Information".

The screenshot shows the IPP website interface. At the top, there is a navigation bar with links for Sitemap, FAQ, Contact, and a highlighted 'Edit Country Information' button. To the right of this button are 'User's Name' and a 'Log out' button. Below the navigation bar is a search bar with the text 'Search' and a dropdown menu set to 'Everything', with a 'Go' button. The main content area is titled 'Country' with a 'flag' button. Below this is the 'IPPC Official Contact Point' section, which includes a placeholder for a profile picture, a 'Name of Contact Point' field, and an 'Update Profile' button. Below the contact point section is the 'National Reporting Obligations' section, which lists various reporting requirements with '+ Add new' buttons next to each item. The 'Official Pest Reports' item is highlighted with a red box.
