

IPPC International Symposium for Pest Free Areas and Surveillance

Overview of the Symposium

IPPC Secretariat

28 October - 1 November 2019

Shizuoka, Japan

Food and Agriculture Organization
of the United Nations

International Plant
Protection Convention

Why PFAs and Surveillance ?

IPPC Pest Free Area Project :

- IPPC Guide for PFAs
- International Symposium on PFAs

JUNE
2019

ENG

Guide for Establishing and Maintaining Pest Free Areas

Understanding the principal requirements for pest free
areas, pest free places of production, pest free production
sites and areas of low pest prevalence

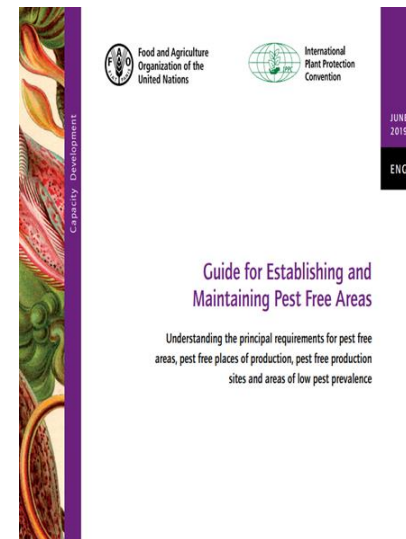

<http://www.fao.org/documents/card/en/c/ca5844en>

Why PFAs and Surveillance ?

IPPC Pest Free Area Project – next steps

- New IRSS survey
- IPP Implementation and Capacity Development Pages on PFA
- eLearning module

International Plant
Protection Convention

Why PFAs and Surveillance ?

IPPC Global Plant Health Surveillance Initiative :

- First IPPC Pilot on Surveillance
- IPPC Global Plant Health Surveillance Initiative

Objective of the Symposium

Awareness raising of the:

- International phytosanitary framework
- IPPC implementation resources
- International Year of Plant Health (IYPH) 2020

Providing a 'platform' for:

- Presenting and promoting PFAs and surveillance specific initiatives
- Stock-taking of ideas
- Reinforcing partnerships and collaboration

Themes of the Symposium

- IPPC, International Phytosanitary Framework and National Legislation International Year of Plant Health (IYPH) 2020
- Framework for Surveillance
- Framework for PFAs
- Implementation and Capacity Development
- Market access
- Poster sessions
- Field Trip

Themes of the Symposium

Exchange of ideas and open discussions

- Q&A sessions and open discussions for each session
- Recording implementation and capacity development needs
- Panel discussion

Benefits for the Global Phytosanitary Community

- Action plan to follow-up on outcomes of the symposium
- Draft outline of national/global capacity development strategies for PFAs and Pest Surveillance programmes
- Collection of materials to facilitate implementation of the PFAs and Surveillance

What Rules Should We Set Together to Get the Most out of the Symposium ?

- Time keeping !!!
- Active participation
- More ?

INTERNATIONAL YEAR OF
PLANT HEALTH

2020
