Focus on prevention, preparedness and response

Target countries:

Twenty-one (21) countries where *Sopodoptera frugiperda* is **absent or of limited distribution** in Southern Europe, Near East and North-Africa and South Pacific.

FAO/IPPC Prevention and preparedness guidelines for *Spodoptera frugiperda*

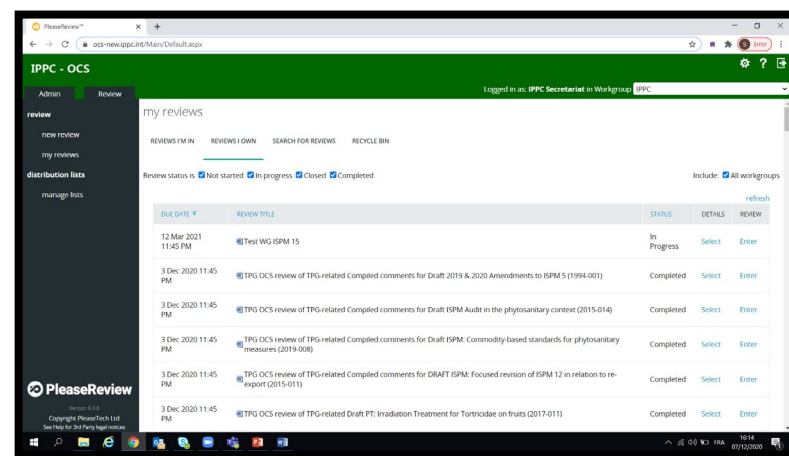

- **Content of the guidelines**
 - 1. **Background** information on the pest
 - 2. General information on the **biology** of the pest
 - 3. **Prevention and preparedness plan**: when the pest is **still absent**
 - 4. **Contingency plan**: when the pest is **officially detected and confirmed**, the NPPO immediately implements official control measures to contain the spread of the pest
 - APPENDIX: FAW preparedness and contingency plans check list

FAO/IPPC Prevention and preparedness guidelines for *Spodoptera frugiperda*

- Drafted by the **members of the FAO/IPPC FAW** Technical Working Group on « Quarantine and phytosanitary Measures ».
- Draft guidelines will be open for comments on the **IPPC Online Commenting System (OCS)** from January 2021.
- A series of **global, regional and national Webinars** to be organized on the content of the guidelines.

Publish date 01-12-2020

Last updated 01-12-2020

Is FAW a quarantine pest in your country?

YES

Comment: ddfsd

Please quote the law and upload an electronic version of the law (one or more documents):

law 1

Was a PRA undertaken?

YES

Comment:

Please upload an electronic version of the PRA (one or more documents):

Is a contingency plan available in the country?

YES

Comment: ddfsd

Please upload an electronic version (one or more documents):

Is a crisis unit set?

A FAW questionnaire soon available on the IPP country page of the twenty-one (21) target contracting parties, to understand which support these countries need and to know about their progress.

New e-Learning courses on Pest Risk Analysis and export certification systems

- Produced with the in-kind IT and pedagogical contribution of the Comité de Liaison Europe- Afrique- Caraïbe-Pacifique (**COLEACP**) and the financial contribution of a FAO project for the Common Market for Eastern and Southern Africa (**COMESA**).
- Produced under the oversight of the IPPC Implementation and Capacity Development Committee through a **Working Group**.
- Will be composed of **different levels** (basic, intermediate and advanced), in **English and French**, for **diverse target audiences**.
- To be released in **May 2021**.
