4. Scope					
38	The NROs guide is designed to help IPPC contracting parties meet their reporting obligations as outlined in the IPPC. It provides specific guidance to national-IPPC official contact points and editors along with technical instructions for interacting with the International Phytosanitary Portal (IPP). The revision will modernize the guide and bring it in line with revised or recently adopted ISPMs and recent decisions of the CPM, IC and IC Team on NROs .	P	<i>Category : TECHNICAL</i> (7) Uruguay (18 Aug 2022 8:31 PM) For consistency. The NRO should be based only on the IPPC text, ISPMs and CPM decisions (CPM decisions are based anyway in turn on IC)	O

5. Purpose					
41	The NROs guide was developed to outline the procedures that contracting parties should follow and provide guidance on how to use the IPP to meet their reporting obligations. There have been several significant changes in relation to about how contracting parties meet their national reporting obligations since the NROs guide was last revised in 2016. The NROs guide should be updated to reflect the revision to ISPM 8 (<i>Determination of pest status in an area</i>) and recent decisions and recommendations of the CPM, IC and the IC Team on NROs.
