Field Data Collection Training Exercises

Field Data Collection Training Exercises

Exercise 1

- Connect to Wi-Fi
- Check that both ArcGIS Field Maps & ArcGIS Survey123 are installed
- Check sign in:
 - ArcGIS Field Maps
 - ArcGIS Survey123

In Field Maps:

- Locate the map (Title format: "<Country> <PestName> Field Map")
- Download offline map area
 - Level of Detail = Streets
 - Center location = Oasis Hotel (Cairo, Egypt) *Hint: Tap the  icon*
- Rename the offline map area "Country PestName Central Location"

In Survey123:

- Locate & download the survey (Title format: "<Country> <PestName> Survey Form")
- Disconnect from Wi-Fi

Exercise 2

- Check Wi-Fi is still disconnected
- Open Field Maps
- Locate map (Titled: "<Country> <PestName> Field Map")
- Open downloaded map area
- Complete data collection for one visual and one trapping survey
(2 data points should be added)
- Connect to Wi-Fi
- Sync
