Why set international standards?

Food and Agriculture
Organization of the
United Nations

International
Plant Protection
Convention

2024
IPPC
REGIONAL
WORKSHOP

Why set international standards?

The aim of international standards is to harmonize phytosanitary measures.

Contracting parties have **access to a same, level playing field** upon which **all** can safely trade plants and plant products.

Facilitate **safe international trade**, protect the **environment** and ensure **food security**.

Food and Agriculture
Organization of the

IPPC
REGIONAL
WORKSHOP

Phytosanitary measures: basic principles

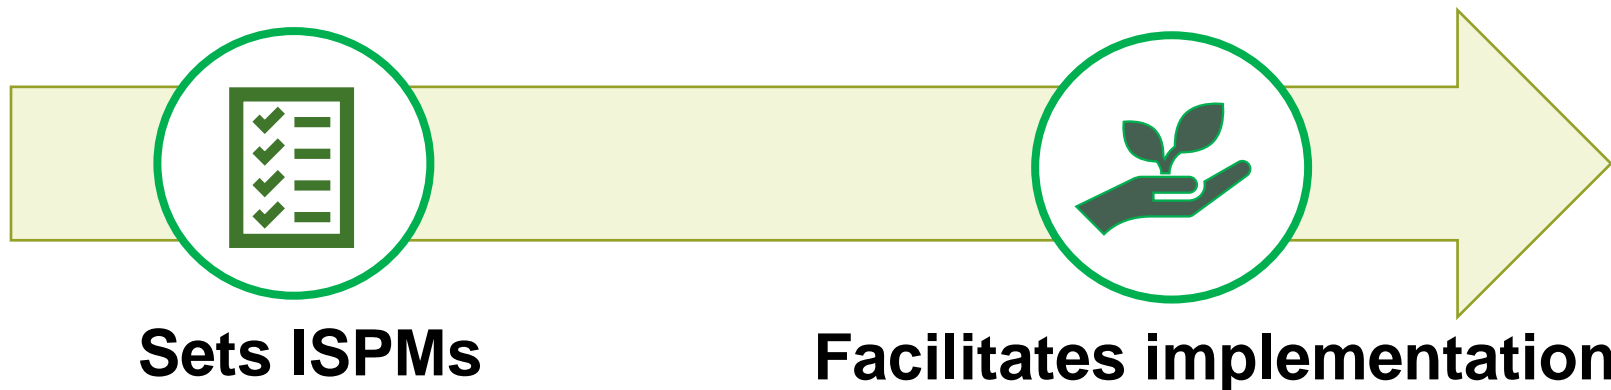

- Only when necessary
- No more restrictive than necessary
- Technical justification
- Minimal impact
- Non-discrimination (→Equivalence of phytosanitary measures)
- Transparency

ISPM1 - *Phytosanitary principles for the protection of plants and the application of phytosanitary measures in international trade* (adopted in 1993, revised in 2006)

In practice, what does the IPPC do?

- The IPPC develops International Standards for Phytosanitary Measures (ISPMs), CPM recommendations and facilitates their implementation to ensure food security, facilitate safe trade and reduce the risks to agriculture and biodiversity.

The IPPC standards: International Standards on Phytosanitary Measures (ISPMs)

KEY POINTS

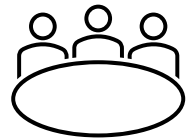

Subject matter experts develop ISPMs

The development of ISPMs are overseen by the CPM's Standards Committee

ISPMs undergo technical review during consultation period

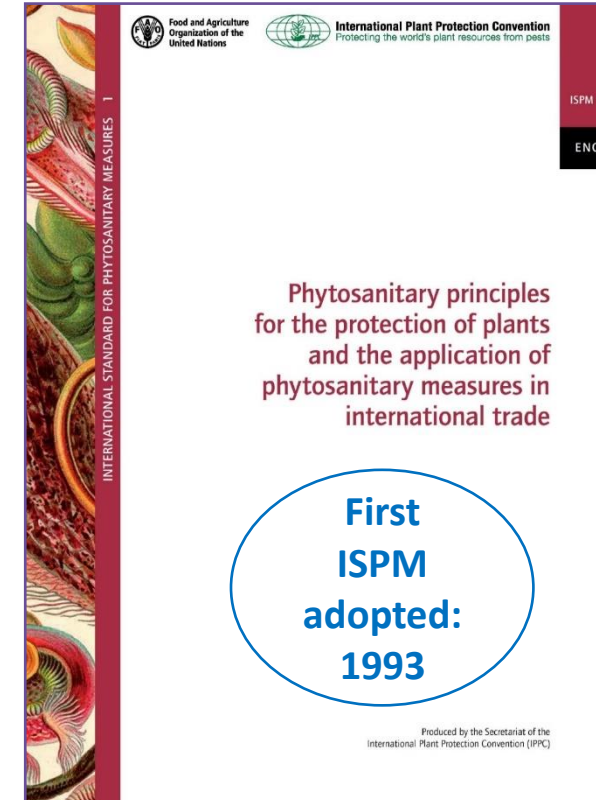

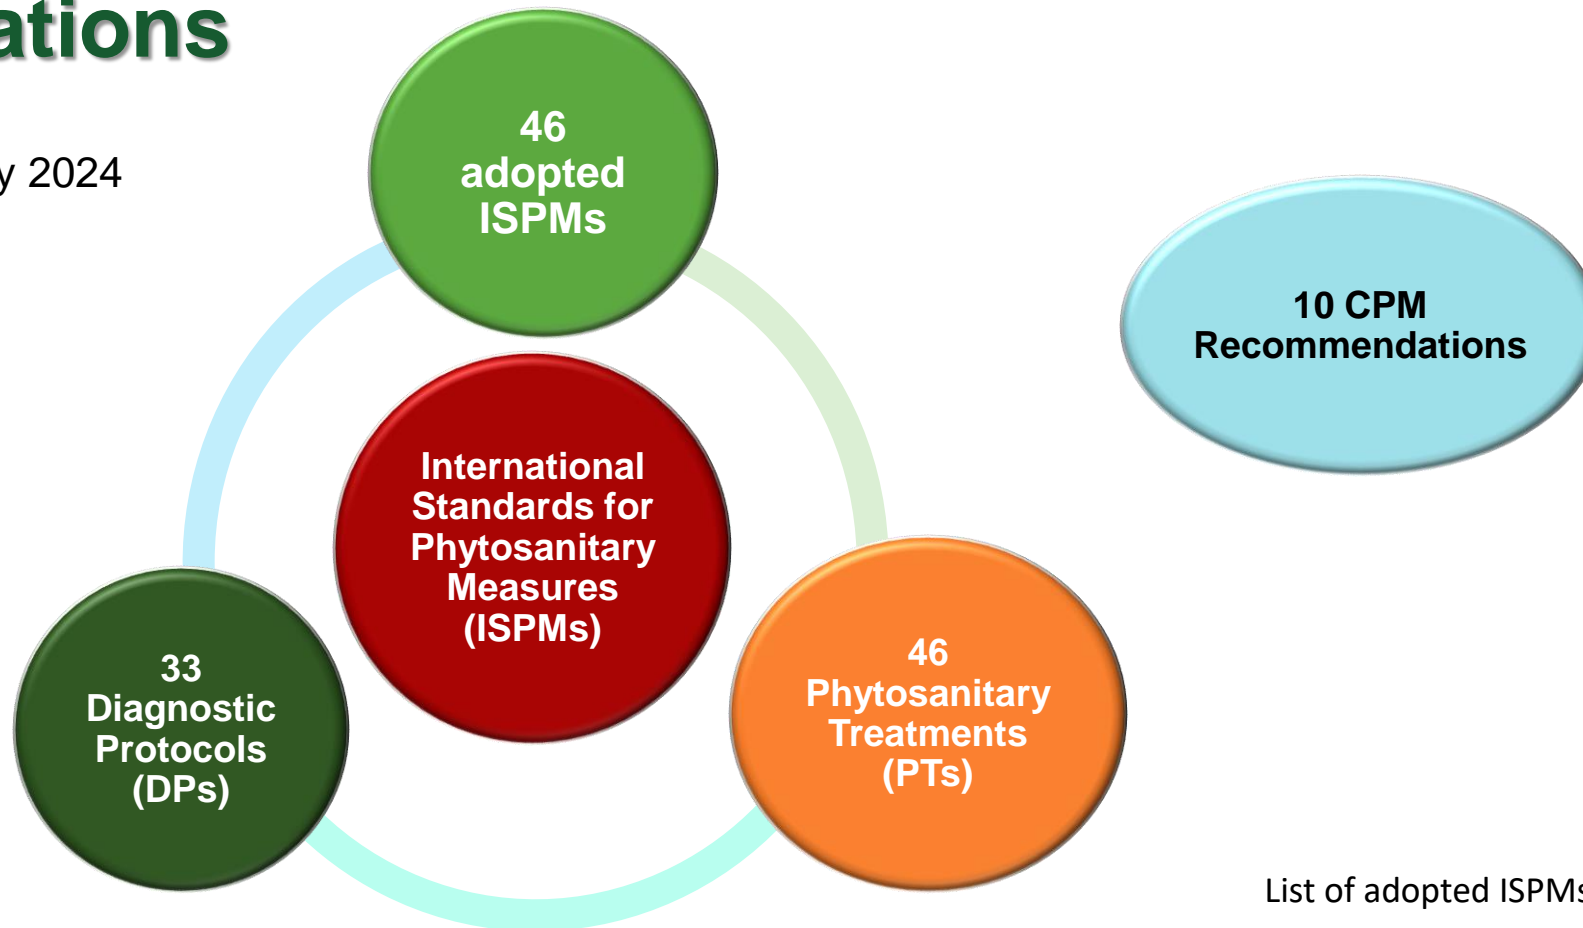

The Commission on Phytosanitary Measures (CPM) adopts ISPMs

ISPMs: The framework for phytosanitary systems and operations

As of 02 May 2024

List of adopted ISPMs: <https://www.ippc.int/en/publications/626/>

International Standards for Phytosanitary Measures (ISPMs)

pest surveillance

phytosanitary certificates

pest free areas

glossary terms

pest reporting

pest risk analysis

export certification

diagnostic protocols

audit in the phytosanitary context

phytosanitary treatments

wood packaging material

commodity-specific standards

international movement of seeds

international movement of wood

CPM Recommendations

HTS technologies

E-commerce

Sea Containers

Safe provisions of humanitarian aid

IPPC coverage of aquatic
plants

Threats to biodiversity posed by
alien species

IPPC
REGIONAL
WORKSHOP

Standards Committee (SC)

Consists of 25 members from each of the seven FAO regions

Oversees the IPPC Standard Setting Process

Manages the development of ISPMs

Provides guidance and oversight to the work of Expert Drafting Groups

IPPC Standard Setting Process

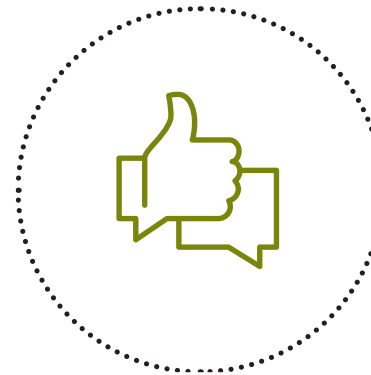

**List of
topics**

(Stage 1)

**Drafting
standards**

(Stage 2)

**Consultation and
review**

(Stage 3)

**Adopting and
publication**

(Stage 4)

IPPC Standard Setting Process

List of topics

(Stage 1)

Drafting standards

(Stage 2)

Consultation and review

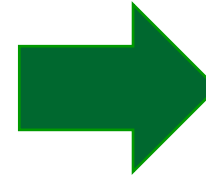

(Stage 3)

Adopting and publication

(Stage 4)

~ 6-8 years

✓ **T**ransparent process

✓ **I**nclusive process

✓ **P**articipatory - all
contracting parties can
participate in all steps

List of topics (LOT)

(Stage 1)

CPs and RPPOs
Submit topics

SC
Reviews topics submitted
Recommend priorities and submit to CPM

CPM
Reviews, changes and adopts List of topics (LOT) for IPPC standards

**Call for topics:
every 2 years**

To submit the topics for ISPMs

✓ Draft specification

✓ Literature review

✓ Justification

SC and CPM review LOT annually

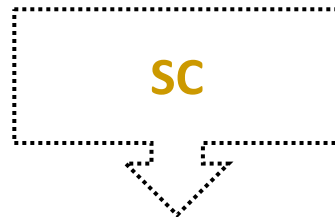

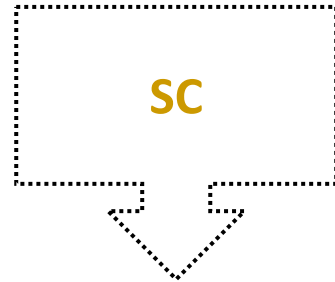

Drafting standards

(Stage 2)

Development of a specification*

*subjects do not need specifications

Assigns a lead Steward and assistant(s) for each topic
Reviews draft Specification
Approves draft Specification for consultation period

Makes draft Specification publicly available
Solicits comments through Online Comment System (OCS) **90 days**
Comments received: compiles → makes publicly available → submits to Steward and to SC for consideration

Revises and approves Specification

Makes Specification publicly available

Drafting standards

(Stage 2)

Preparation of a draft ISPM

IPPC Secretariat

Issues call for experts – Nominations for EWG or TP members from NPPOs and RPPOs

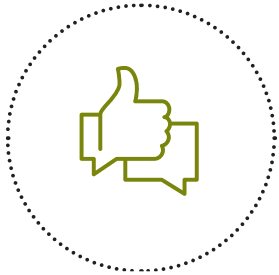

Expert Drafting Group (EDG) (EWG or TP)

Drafts or revises draft ISPM in accordance with Specification

SC

Reviews draft ISPM at the meetings (for DP or PT, electronically)
Decides:

- to approve the ISPM for consultation
- to return it to Steward or EDG or
- to put it on hold

IPPC
Secretariat

Consultation
and review

(Stage 3)

First
consultation
- 90 days

Steward

SC-7

IPPC
Secretariat

Draft ISPM approved by SC for 1st consultation → makes publicly available

Solicits comments through the Online Comment System (OCS)

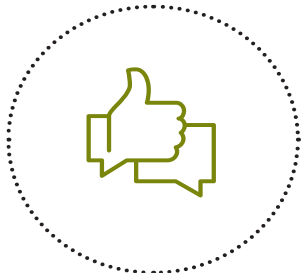

Compiles comments and makes publicly available → submits to Steward for consideration

Reviews and prepares responses to comments + revises draft ISPM → submits to IPPC Secretariat

Records responses to major issues in SC-7 meeting report

Approves draft ISPM for 2nd consultation

Draft ISPM approved by SC for 2nd consultation → makes publicly available

**Consultation and
review**

(Stage 3)

**IPPC
Secretariat**

Steward

SC

**Second
consultation
– 90 days**

Solicits comments through Online Comment System (OCS)

Compiles comments and makes publicly available → submits to Steward for consideration

Reviews and prepares responses to comments + revises draft ISPM → submits to IPPC Secretariat

Reviews: comments + steward responses to comments + draft ISPM

Provides summary of the major issues discussed as part of SC meeting report

Recommends draft ISPM to CPM for adoption

Adopting and publication

(Stage 4)

To submit an objection

✓ Technical justification

✓ Suggestions for improvement

If no objection, CPM adopts ISPMs without discussion

Adopting and publication

(Stage 4)

Adopted ISPM, PT or DP is made publicly available

Publication of an ISPM

CPs and RPPOs may form a **Language Review Group (LRG)** → proposes adjustments*
to translations of adopted ISPMs

*These adjustments are noted at next CPM session

IPPC Standard Setting Process

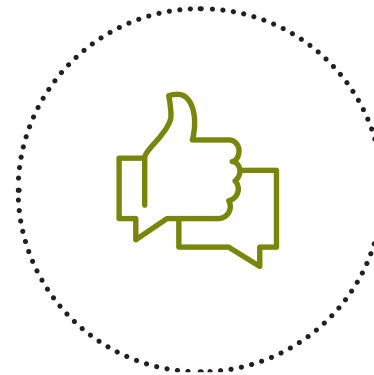

**List of
topics**

(Stage 1)

**Drafting
standards**

(Stage 2)

**Consultation and
review**

(Stage 3)

**Adopting and
publication**

(Stage 4)

IPPC Standard Setting Process main steps and calendar

Submitting topics	Call for topics (every 2 years) *SC and CPM	Next call in 2025: May to August
Submitting phytosanitary treatments	Open call	Ongoing call (via IPP)
SC nominations	1 time per year	CPM sessions - Letter for nominations
Experts' nominations	Throughout the year	Call for experts: EWGs, Technical Panels, DP drafting groups (authors)
SC meetings	3 times per year	SC May, SC-7 (May) and SC November
Consultation period for draft Specifications and ISPMs (via OCS)	1 time per year (90 days)* *For draft DPs: 2 times per year	01 July – 30 September *For draft DPs: 30 January – 03 May
Consultation period for CPM Recommendations (via OCS)	1 time per year (90 days)	01 July – 30 September
Expert consultation on draft DPs	Throughout the year (at least 30 days)	(via IPP)
DP Notification period (adoption process for draft DPs) (via IPP)	2 times per year (45 days)	01 July – 15 August 05 January – 20 February
Adoption of ISPMs	1 time per year	CPM sessions
