# New IPPC guides and e-learning courses

**Agenda 7.2**

Food and Agriculture  
Organization of the  
United Nations

International  
Plant Protection  
Convention

2024  
IPPC  
REGIONAL  
WORKSHOP

## Outline

- What are IPPC guides and training materials?
- What's new?
- Where can I find them?
- Translations
- Upcoming events

## What are IPPC Guides and training materials?

Implementation and capacity development tools including guides, e-learning courses and training kits that:

- support implementation of the IPPC, ISPMs and CPM Recommendations;
- provide accurate and easy to understand technical information;
- best practices to facilitate the establishment and operation of national phytosanitary systems;
- support development of national strategies, policies, legislation, SOPs, manuals, training programmes and building national phytosanitary capacities

They are developed under the oversight of the Implementation and Capacity Development Committee (IC)

REGIONAL  
WORKSHOP

## What's new? Two IPPC e-learning courses and five guides!

1. National reporting obligations e-learning course
2. Surveillance and pest status determination e-learning course
3. Participating in the Commission on Phytosanitary Measures of the International Plant Protection Convention
4. E-commerce: A guide to managing the pest risk posed by goods ordered online and distributed through postal and courier pathways
5. Regulation of wood packaging material: Understanding the phytosanitary requirements for the movement of wood packaging material in international trade
6. Emergency Preparedness: A guide for developing contingency plans for outbreaks of quarantine pests
7. Prevention, preparedness and response guidelines for Fusarium Tropical Race 4 (TR4) of banana

## National reporting obligations e-learning course (1 hour)

- Targets IPPC official contact points (OCP) and staff involved in maintaining national information on the IPP (IPP editors)
- Learners taking this course will be able to:
  - Identify the 13 National reporting obligations (NROs) and classify them by their method of reporting and type of report
  - Understand the responsibilities of IPPC contracting parties as it relates to each NRO
  - Apply their knowledge to update and maintain their country's national information on the international phytosanitary portal (IPP), including creating and updating pest reports.

WORKSHOP

## Surveillance and pest status determination e-learning course (4 hours)

- targets NPPO managers, supervisors, and staff involved in surveillance, pest status determination and pest reporting
- This course provides guidance
  - related to **ISPM 6 (Surveillance)**, **ISPM 8 (Determination of pest status in an area)** and **ISPM 17 (Pest reporting)**;
  - how to strengthen national surveillance systems and activities of pest monitoring and detection; and
  - how to determine pest status and comply with IPPC obligations for pest reporting.

REGIONAL  
WORKSHOP

## Participating in the Commission on Phytosanitary Measures of the International Plant Protection Convention (2024)

- ✓ provides an introduction to the Commission on Phytosanitary Measures (CPM) and guidance for meeting participants.
  - ✓ explains the central role of CPM meetings, including who may attend CPM meetings and how the meetings are structured
  - ✓ takes the readers, step by step, through the process of preparing for a CPM meeting and offers best practices and tips to support effective participation in the meeting and follow-up after the meeting.
- ❖ **French and Spanish translations coming soon!**

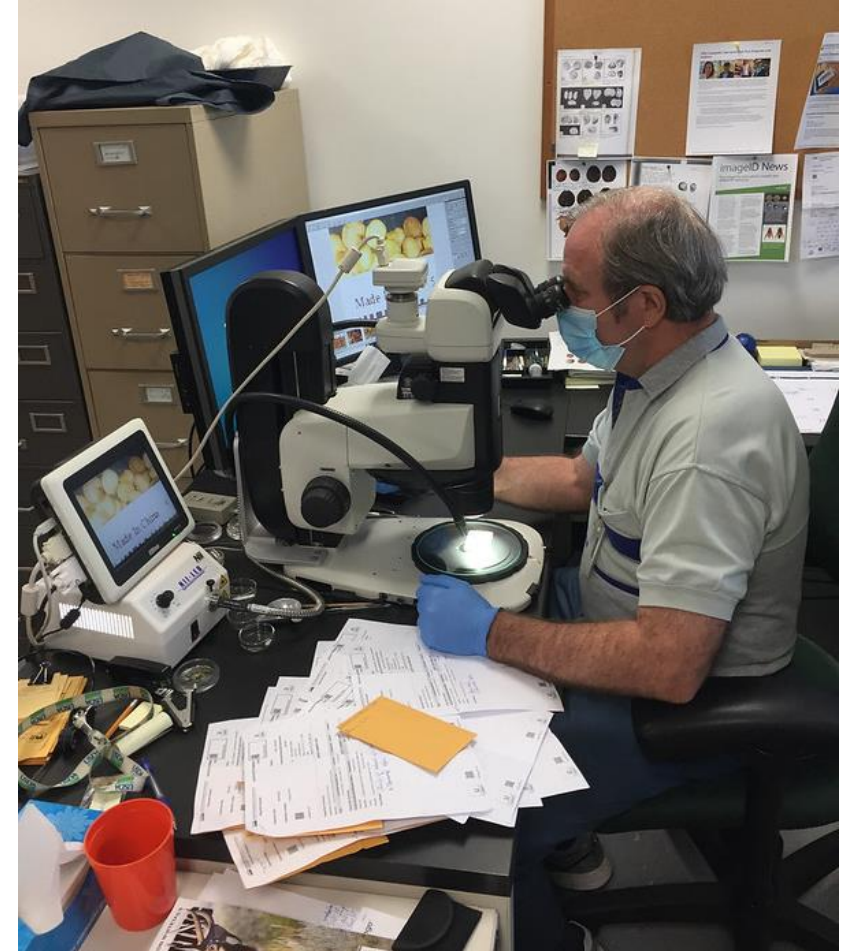

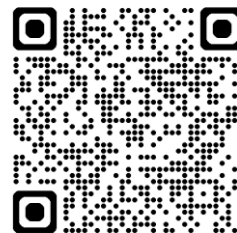

## E-commerce: A guide to managing the pest risk posed by goods ordered online and distributed through postal and courier pathways

Developed with financial support from **NPPO of Canada**

- ✓ improve understanding of the e-commerce supply chain and the key stakeholders involved
- ✓ provides practical guidance to help NPPOs address the associated pest risks while facilitating safe trade
- ✓ includes case studies that highlight how different countries have addressed some of the challenges associated with the growth in e-commerce

❖ Spanish translation will be available soon!

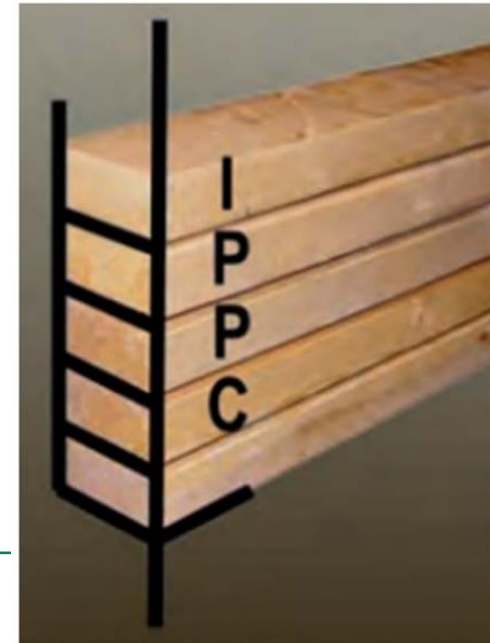

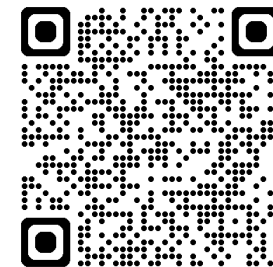

## Guide to regulation of wood packaging material: Understanding the phytosanitary requirements for the movement of wood packaging material in international trade

- ✓ improve understanding of the phytosanitary requirements for the movement of wood packaging material in international trade
- ✓ guidance to help NPPOs apply the phytosanitary treatments approved in ISPM 15 (Regulation of wood packaging material in international trade)
- ✓ includes case studies that highlight how different countries have addressed some of the challenges associated with implementing ISPM 15

❖ French and Spanish translations will be available soon!

## Emergency Preparedness: A guide for developing contingency plans for outbreaks of quarantine pests

Developed with financial support from **European Union** and **Common Market for Eastern and Southern Africa (COMESA)**

- ✓ outlines the main components of both generic and pest-specific contingency plans
- ✓ provides guidance on how NPPOs can effectively organize and allocate resources to eradicate or contain pest outbreaks
- ✓ discusses criteria for establishing and maintaining pest freedom, pest reporting and includes several country case studies
- ❖ Available in English and Spanish (French and Russian coming soon)

## Prevention, preparedness and response guidelines for Fusarium Tropical Race 4 (TR4) of banana

Developed with financial support from the **European Union and Common Market for Eastern and Southern Africa (COMESA)**

- ✓ focuses on emergency preparedness and preventing the introduction and spread of Fusarium TR4
- ✓ provides biological and scientific information that should be considered when developing a response plan
- ✓ includes elements relevant to pest risk analysis, implementing phytosanitary measures, official diagnostics and surveillance

❖ Available in English and Spanish (French & Russian are coming soon)

## The status of ongoing IPPC guide and training material translations

Title of guide or e-learning	Language	Partner	Publication
Emergency preparedness (guide)	French	COLEAD	2024
Emergency preparedness (guide)	Russian	FGBU "VNIIKR"	2024
Pest status (guide)	French	COLEAD	2024
Prevention, preparedness and response guidelines for Fusarium TR4 (guide)	Spanish	IPPC Funds	2024
Regulation of wood packaging materials (guide)	French	COLEAD	2024
Regulation of wood packaging materials (guide)	Spanish	NAPPO	2024
Phytosanitary inspection (e-learning course)	Spanish	COSAVE & IICA	2024
Phytosanitary inspection (e-learning course)	French	COLEAD	2024
Pest risk analysis (e-learning course)	French	COLEAD	2024
Pest risk analysis (e-learning course)	Spanish	OIRSA	2024

# Where to find IPPC guides and training materials?

[www.ippc.int](http://www.ippc.int)

# IPPC Guides and Training Materials

IPPC Guides and training materials are intended to help NPPOs build capacity and effectively implement the International Plant Protection Convention (IPPC), the International Standards for Phytosanitary Measures (ISPMs) and recommendations of the Commission on Phytosanitary Measures (CPM). They suggest best practices and provide a starting point for developing legislation, policies and procedures that are responsive to national phytosanitary needs and priorities.

Browse through the titles of available IPPC Guides and training materials below and click on the + sign to learn more about a particular product. Use the search function to find resources related to a particular topic of interest. You can also toggle the column headings to sort the list according to type of product, language or year published.

This web page was last updated on 2023-03-23. For further information please contact [Barbara.Peterson@fao.org](mailto:Barbara.Peterson@fao.org).

## Translations of the IPPC guides and e-learning courses

Translations depend on the support of partners and donors for

- In-kind translations (co-publish);
- Financial support to cover the cost of FAO translation services; and
- Experts to proofread translated guides.

**If you are interested in collaborating on translations or becoming a proof-reader, please contact the IPPC Secretariat @ [ippc@fao.org](mailto:ippc@fao.org)!!**

**Thank you to all donors, partners and volunteer proof-readers!**
