

Optimizing Container Design to Reduce Pest Contamination

SHIPPERS' RESPONSIBILITIES & PERSPECTIVES

James Hookham

IPPC International Symposium on Optimizing Container Design

Monday, 11 November 2024

Shippers' Perspectives

1. No one ships pests on purpose
2. Shippers accept their custodial responsibilities
3. Think 'car rental' to understand expectations
4. Think outside the box, as well as inside
5. An empty container always finds its next user

Global Shippers' Golden Rules

1. No one ships pests on purpose
2. Shippers accept their custodial responsibilities
3. Think 'car rental' to understand expectations
4. Think outside the box, as well as inside
5. An empty container always finds its next user
