## COMMISSION ON PHYTOSANITARY MEASURES

### NINETEENTH SESSION

#### NO OBJECTIONS TO DRAFT ISPMs RECOMMENDED FOR ADOPTION BY CPM-19 (2025)

#### AGENDA ITEM 10

*(Prepared by the IPPC Secretariat)*

#### Background

- [1] Draft International Standards for Phytosanitary Measures (ISPMs) recommended for adoption by the Commission on Phytosanitary Measures (CPM) are posted on the CPM page<sup>1</sup> in all official FAO languages at least six weeks before the CPM session.
- [2] Following the *IPPC standard setting procedure* (SSP)<sup>2</sup>, IPPC contracting parties (CPs) may submit objections to the adoption of draft ISPMs by CPM no later than three weeks before the CPM session, following the instructions available on the International Phytosanitary Portal (IPP).<sup>3</sup>
- [3] If objections to the adoption of an ISPM are received, the objections should be completed and submitted by the IPPC Official Contact Points to the IPPC Secretariat (hereafter referred to as the “secretariat”) and they must be accompanied by technical justifications and suggestions for improving the draft ISPM that are likely to be acceptable to other CPs.
- [4] The secretariat will post an additional CPM paper detailing the objections on the IPP as soon as possible upon receipt of the objection or objections and contracting parties will be notified via the IPP. Concerned contracting parties should make every effort to seek agreement before the CPM session.
- [5] The objection will be added to the CPM agenda and the CPM will decide on a way forward.
- [6] Contracting parties are also reminded that minor editorials may be submitted to the secretariat. Other points of concern that do not warrant an objection can also be submitted to the secretariat, who will keep them for consideration during a future revision of the relevant ISPM.
- [7] If no objection is received, the CPM will adopt the draft ISPMs without discussion.

#### No objections received by the IPPC secretariat

- [8] The secretariat had not received any objections to the draft ISPMs presented for adoption by CPM-19 (2025)<sup>4</sup> by the deadline of 24 February 2025, 12:00 (GMT+1).
