

## COMMISSION ON PHYTOSANITARY MEASURES

### TWENTIETH SESSION

#### MEMBERSHIP AND POTENTIAL REPLACEMENTS FOR THE IMPLEMENTATION AND CAPACITY DEVELOPMENT COMMITTEE (IC)

#### AGENDA ITEM 23.3

*(Prepared by the IPPC Secretariat)*

#### 1. Introduction

- [1] CPM-12 (2017) established the Implementation and Capacity Development Committee (IC) to assist the CPM in addressing implementation and capacity development issues, to provide overall strategies and to oversee some of the work in this area.
- [2] The IC composition and the process of replacement of members are described in the IC Terms of Reference and Rules of Procedure (TOR and ROP).<sup>1</sup>

#### 2. Update on IC Membership

- [3] According to the IC TOR and ROP, the IPPC Secretariat launched the Call for IC members<sup>2</sup> from 20 May to 18 August 2025. The call was issued to solicit nominations of IC regional representatives and experts (and replacement members) from National Plant Protection Organizations (NPPOs) and Regional Plant Protection Organizations (RPPOs).
- [4] The complete nominations for IC regional representatives have been compiled by the IPPC Secretariat and sent to the Food and Agriculture Organization of the United Nations (FAO) regions through their respective Bureau members. Each region has followed its own procedures for selecting its regional representatives for both members and replacement. The final regional selection was communicated to the IPPC Secretariat through the CPM Bureau member of each region.
- [5] For IC experts, the IPPC Secretariat has compiled the nomination received and opened an e-decision inviting the CMP Bureau members to select the five experts based on technical expertise relevant for the IC.
- [6] In addition to the qualifications for members outlined in the IC TOR and ROP, the Bureau also considered the skills and experience of the selected seven regional representatives selecting the five experts to complement them as well as three potential replacement experts.
- [7] The updated IC membership is presented in Appendix 1.
