

Pest List for a selected Host - Solomon Islands

Host /Common Names	*	Pest	Literature Reference
Theobroma cacao / cacao	a	Adoxophyes fasciculana / Lepidoptera / bell moth	
	f	Amyloflagellula pulchra / Agaricales	
	f	Auricularia delicata / Auriculariales	
	b	Bacillus sp. / Bacillales	
	f	Cephaleuros sp. / Trentepohliales	
	f	Cookeina sulcipes / Pezizales	
	f	Corticium salmonicolor / Polyporales / pink disease	
	a	Criniticoccus tectus / Hemiptera	
	a	Criniticoccus theobromae / Hemiptera	
	f	Cylindrocarpon sp. / Hypocreales	
	f	Diaporthe sp. / Diaporthales	
	f	Didymella sp. / Pleosporales	
	f	Earliella scabrosa / Polyporales	
	b	Enterobacter cloacae / Enterobacteriales	
	f	Eurotium herbariorum / Eurotiales	
	f	Favolus brasiliensis / Polyporales	
	f	Fusarium oxysporum / Hypocreales	
	f	Ganoderma chalceum var. chalceum / Polyporales	
	f	Gliocladium catenulatum / Hypocreales	
	f	Gliocladium roseum / Hypocreales	
	f	Glomerella cingulata / Incertae sedis / anthracnose	
	a	Laingiococcus painei / Hemiptera	
	f	Lasiodiplodia theobromae / Dothideales / brown pod rot of cocoa/Leaf Spot	
	f	Laxitextum bicolor / Russulales	
	a	Maconellicoccus hirsutus / Hemiptera / pink mealybug	
	f	Macrophomina phaseolina / Incertae sedis / charcoal rot of bean	
	a	Maculicoccus malaitensis / Hemiptera	
	f	Marasmiellus crinisequi / Agaricales	
	f	Marasmiellus scandens / Agaricales / white thread blight	

Host /Common Names	*	Pest	Literature Reference
	f	Marasmiellus scandens / Agaricales / white thread blight	Friend D. & Brown J.F., 1971
	f	Marasmius sarmentosus / Agaricales	
	f	Mucor sp. / Mucorales	
	f	Nectria haematococca / Hypocreales	
	f	Nectria rigidiuscula / Hypocreales / witch's broom of mango	
	f	Paecilomyces variotii / Eurotiales	
	f	Penicillium glabrum / Eurotiales	
	f	Phaeosolenia densa / Agaricales	
	f	Phanerochaete salmonicolor / Polyporales	
	f	Phellinus noxius / Hymenochaetales / brown cocoa root rot	Ramo 1990
	f	Phellinus noxius / Hymenochaetales / brown cocoa root rot	
	f	Phomatospora sp. / Xylariales	
	f	Phomopsis sp. / Diaporthales	
	f	Phytophthora palmivora / Pythiales / coconut budrot	
	a	Planococcus pacificus / Hemiptera / pacific mealybug	
	a	Pseudococcus solomonensis / Hemiptera	
	f	Rigidoporus microporus / Polyporales / white root disease of cocoa and rubber	
	a	Steatococcus samaraius / Hemiptera / steatococcus scale	
	f	Tripospermum gardneri / Capnodiales	

\* Pest Group: al = algae a = arthropods b = bacteria d = decapods f = fungi g = gastropods n/a = n/a n = nematodes n/k = not known ve = vertebrates v = viruses w = weeds
