COMMISSION ON PHYTOSANITARY MEASURES

Ninth Session

Rome, 31 March - 4 April

Proposal from COSAVE countries on Agenda item 8.2

Agenda item 8.2

Prepared by COSAVE

This document is printed in limited numbers to minimize the environmental impact of FAO's processes and contribute to climate neutrality. Delegates and observers are kindly requested to bring their copies to meetings and to avoid asking for additional copies. Most FAO meeting documents are available on the Internet at www.fao.org

COSAVE countries believe that the proposed process for adopting CPM recommendations should be adopted and propose a few changes described below, based on the current process described in the IPPC Procedure Manual:

Proposed process for adopting CPM recommendations

1) a contracting party or the Secretariat may propose a topic for a CPM recommendation and presents it to the CPM [along with a draft recommendation and the rationale or justification for its needs](#).

2) the need for a new CPM recommendation should be discussed and agreed in a CPM meeting

3) [a the](#) draft CPM recommendation and the rationale or justification for its need should be circulated for comments for a period of three months following the CPM meeting

4) the Secretariat will revise draft CPM recommendations based on comments received; then submit the revised draft to the CPM Bureau for consideration of comments, revision if necessary and recommendation to the CPM for adoption.

5) the draft CPM recommendation is submitted to the CPM for adoption.

[6\) If the document needs further review, the CPM may decide to send it to the appropriate body or group depending on the content. The revised document is sent to the next CPM for further consideration and adoption](#)

[7\) Adopted recommendations are numbered and formatted by the Secretariat](#)
