

[1] DRAFT AMENDMENTS TO ISPM 5: GLOSSARY OF PHYTOSANITARY TERMS (1994-001)

[2]

Status box	
This is not an official part of the standard and it will be modified by the Secretariat after adoption.	
Date of this document	2014-12-02
Document category	Amendments to ISPM 5 (Glossary of phytosanitary terms)
Current document stage	To CPM-10 (2015)
Major stages	CEPM (1994) added topic: 1994-001, Amendments to ISPM 5: Glossary of phytosanitary terms Specification TP5. 2012-10 and 2013-02 TPG drafted text 2013-05 SC revised and approved for MC 2013-07 MC (compiled member comments and presentation of the draft amendments are available at: https://www.ippc.int/publications/draft-amendments-isp-5) 2014-02 TPG reviewed member comments and revised draft 2014-05 SC-7 reviewed and approved draft for SCCP (report is available at https://www.ippc.int/core-activities/standards-setting/standards-committee) 2014-06 SCCP (compiled concerns are available at https://www.ippc.int/core-activities/standards-setting/compiled-substantial-concerns-draft-ispms) 2014-10 Steward revised 2014-11 SC reviewed draft, steward's responses to SCCP concerns and recommended to CPM for adoption (report available at https://www.ippc.int/core-activities/standards-setting/standards-committee).
Notes	2014-05 Secretariat prepared amendments for adoption.

[3]

1. ADDITIONS

[4]

1.1 PRODUCTION SITE (2012-004)

[5]

Proposed addition

production site	A defined part of a place of production , that is managed as a separate unit for phytosanitary purposes
------------------------	--

[6]

2. REVISIONS

[7]

2.1 POINT OF ENTRY (2010-005)

[8]

Original definition

point of entry	Airport, seaport or land border point officially designated for the importation of consignments , and/or entrance of passengers [FAO, 1995]
-----------------------	---

[9]

Proposed revision

point of entry	Airport, seaport, or land border point or <u>any other location</u> officially designated for the importation of consignments and/or <u>the</u> entrance of
-----------------------	---

	passengerspersons
--	-------------------

[10] **2.2 SYSTEMS APPROACH(ES) (2010-002)**

[11] **Original definition**

systems approach(es)	The integration of different risk management measures, at least two of which act independently, and which cumulatively achieve the appropriate level of protection against regulated pests [ISPM 14:2002; revised ICPM, 2005]
-----------------------------	--

[12] **Proposed revision**

systems approach(es)	The integration of different risk management A pest risk management option that integrates different risk management measures, at least two of which act independently, with cumulative effect and which cumulatively achieve the appropriate level of protection against regulated pests
-----------------------------	--

[13] **2.3 PLACE OF PRODUCTION AND PEST FREE PRODUCTION SITE**

[14] **Original definitions**

place of production	Any premises or collection of fields operated as a single production or farming unit. This may include production sites which are separately managed for phytosanitary purposes [FAO, 1990; revised CEPM, 1999]
pest free production site	A defined portion of a place of production in which a specific pest does not occur as demonstrated by scientific evidence and in which, where appropriate, this condition is being officially maintained for a defined period and that is managed as a separate unit in the same way as a pest free place of production [ISPM 10:1999]

[15] **Proposed revisions**

place of production	Any premises or collection of fields operated as a single production or farming unit. This may include production sites which are separately managed for phytosanitary purposes
pest free production site	A production site defined portion of a place of production in which a specific pest does not occur is absent , as demonstrated by scientific evidence, and in which, where appropriate, this condition is being officially maintained for a defined period and that is managed as a separate unit in the same way as a pest free place of production

[16] 2.5 QUARANTINE STATION (2010-013)

[17] *Original definition*

quarantine station	Official station for holding plants or plant products in quarantine [FAO, 1990; revised FAO, 1995; formerly quarantine station or facility]
--------------------	--

[18] *Proposed revision*

quarantine station	Official station for holding plants, plants products or other regulated articles , including <u>beneficial organisms</u> , in quarantine
--------------------	---

[19] 2.6 AREA OF LOW PEST PREVALENCE (2013-014), COMMODITY PEST LIST, HABITAT, PEST FREE AREA, PEST FREE PLACE OF PRODUCTION, SURVEILLANCE, SURVEY

[20] *Original definitions*

area of low pest prevalence	An area , whether all of a country, part of a country, or all or parts of several countries, as identified by the competent authorities, in which a specific pest occurs at low levels and which is subject to effective surveillance, control or eradication measures [IPPC, 1997]
pest free place of production	Place of production in which a specific pest does not occur as demonstrated by scientific evidence and in which, where appropriate, this condition is being officially maintained for a defined period [ISPM 10:1999]
commodity pest list	A list of pests occurring in an area which may be associated with a specific commodity [CEPM, 1996]
habitat	Part of an ecosystem with conditions in which an organism naturally occurs or can establish [ICPM, 2005]
pest free area	An area in which a specific pest does not occur as demonstrated by scientific evidence and in which, where appropriate, this condition is being officially maintained [FAO, 1995]
surveillance	An official process which collects and records data on pest occurrence or absence by survey, monitoring or other procedures [CEPM, 1996]
survey	An official procedure conducted over a defined period of time to determine the characteristics of a pest population or to determine which species occur in an area [FAO, 1990; revised CEPM, 1996]

[22] **Proposed revisions**

[23]

area of low pest prevalence	An area , whether all of a country, part of a country, or all or parts of several countries, as identified by the competent authorities, in which a specific pest occurs <u>is present</u> at low levels and which is subject to effective surveillance or control measures [IPPC, 1997]
pest free place of production	Place of production in which a specific pest does not occur <u>is absent</u> as demonstrated by scientific evidence and in which, where appropriate, this condition is being officially maintained for a defined period [ISPM 10:1999]
commodity pest list	A list of pests occurring <u>present</u> in an area which may be associated with a specific commodity [CEPM, 1996]
habitat	Part of an ecosystem with conditions in which an organism <u>is naturally occurs present</u> or can establish [ICPM, 2005]
pest free area	An area in which a specific pest does not occur <u>is absent</u> as demonstrated by scientific evidence and in which, where appropriate, this condition is being officially maintained [FAO, 1995]
surveillance	An official process which collects and records data on pest presence occurrence or absence by survey, monitoring or other procedures [CEPM, 1996]
survey	An official procedure conducted over a defined period of time to determine the characteristics of a pest population or to determine which species occur <u>are present</u> in an area [FAO, 1990; revised CEPM, 1996]

[24]

3. DELETIONS

[25]

3.1 OCCURRENCE (2010-026)

[26]

Proposed deletion

occurrence	The presence in an area of a pest officially recognized to be indigenous or introduced and not officially reported to have been eradicated [FAO, 1990; revised FAO, 1995; ISPM No. 17; formerly occur]
-------------------	---

[27]

3.2 ORGANISM (2010-021), NATURALLY OCCURRING (2010-023)

[28]

Proposed deletions

naturally occurring	A component of an ecosystem or a selection from a wild population, not altered by artificial means [ISPM 3:1995]
organism	Any biotic entity capable of reproduction or replication in its naturally occurring state [ISPM 3:1995; revised ISPM 3:2005]

[29] **3.3 RESTRICTION (2010-027)**[30] ***Proposed deletion***

restriction	A phytosanitary regulation allowing the importation or movement of specified commodities subject to specific requirements [CEPM, 1996; revised CEPM, 1999]
--------------------	--

[31] **3.4 PROTECTED AREA (2012-003), CONTROLLED AREA**[32] ***Proposed deletions***

controlled area	A regulated area which an NPPO has determined to be the minimum area necessary to prevent spread of a pest from a quarantine area [CEPM, 1996]
protected area	A regulated area that an NPPO has determined to be the minimum area necessary for the effective protection of an endangered area [FAO, 1990; omitted from FAO, 1995; new concept from CEPM, 1996]

[33] **4. UNDERSTANDING OF “PLANTS” IN THE IPPC AND ITS ISPMS AND CONSEQUENTIAL REVISION OF THE SCOPE OF ISPM 5**[34] ***Original scope***

This reference standard is a listing of terms and definitions with specific meaning for phytosanitary systems worldwide. It has been developed to provide a harmonized internationally agreed vocabulary associated with the implementation of the International Plant Protection Convention (IPPC) and International Standards for Phytosanitary Measures (ISPMs).

[35] ***Proposed revision to scope***

This reference standard is a listing of terms and definitions with specific meaning for phytosanitary systems worldwide. It has been developed to provide a harmonized internationally agreed vocabulary associated with the implementation of the International Plant Protection Convention (IPPC) and International Standards for Phytosanitary Measures (ISPMs).
Within the context of the IPPC and its ISPMs, all references to plants should be understood to continue to include algae and fungi, consistent with the International Code of Nomenclature for algae, fungi, and plants.
