

Entry points (Art. VII.2d)

Timor-Leste currently has 8 official entry points. These are the post office, port and airport in Dili and land border crossings at Batugarde, Tunubibi, Salele, Oisilo and Sakato. Currently, none of these have any restriction on the type of commodity allowed to enter. Additionally, there is a quarantine presence which prevents the entry of people and products at 8 other remote ports and land border sites which have a history of illegal arrivals.
