## Compétences

- Plantes cultivées agricoles et produits qui en sont issus OFAG
  - Plantes ornementales OFAG
  - Végétaux forestiers et produits qui en sont issus OFEV
  - Terre et milieu de culture OFAG
  - Organismes vivants OFAG

OFAG : Office fédéral de l'agriculture  
OFEV : Office fédéral de l'environnement

### **3 Dispositions phytosanitaires à l'importation**

Les marchandises qui sont potentiellement porteuses d'organismes nuisibles particulièrement dangereux sont soumises à l'importation, aux prescriptions phytosanitaires. Celles-ci sont en fonction du risque d'introduction d'organismes nuisibles particulièrement dangereux représentés de la marchandise à importer. Ci-après, les termes les plus importants sont explicités.

### Interdiction d'importer (V)

L'interdiction d'importer est appliquée aux marchandises qui présentent un risque phytosanitaire accru. Les marchandises interdites d'importation sont signalées dans l'annexe 1 avec un V.

## Permis d'importation (B)

Les marchandises de l'annexe 1 suivies de la lettre **B**, dont l'importation n'est autorisée que sous certaines conditions, nécessitent l'octroi d'un permis. Les demandes de permis doivent également être adressées au centre de contact de l'OFAG.

**Attention** : la présente notice n'indique pas si une marchandise requiert un permis d'importation autre que celui exigé pour des motifs autres que phytosanitaires !

## Certificats phytosanitaires (PC, AD)

Les marchandises pour lesquelles un certificat phytosanitaire (**PC**), le cas échéant, un certificat avec une déclaration supplémentaire (**AD**) est requis, sont suivies de la/des lettre(s) correspondante(s) à l'annexe 1. En principe seules les marchandises en provenance de pays autres que ceux de l'UE (= pays tiers) sont concernées.

Lors de l'importation en Suisse, les marchandises nécessitant un permis et/ou un certificat phytosanitaire sont soumises au contrôle par le Service phytosanitaire fédéral (SPF). Les envois correspondants doivent être annoncés au SPF au plus tard la veille de leur arrivée en Suisse. Pour les envois qui ne sont pas annoncés à temps, il faut s'attendre à des délais lors du dédouanement phytosanitaire.

Les marchandises pour lesquelles un certificat phytosanitaire est requis doivent être accompagnées d'un certificat phytosanitaire officiel, établi par le Service phytosanitaire du pays d'origine de la marchandise, ou d'un certificat de réexportation et d'une copie authentifiée du certificat d'origine.

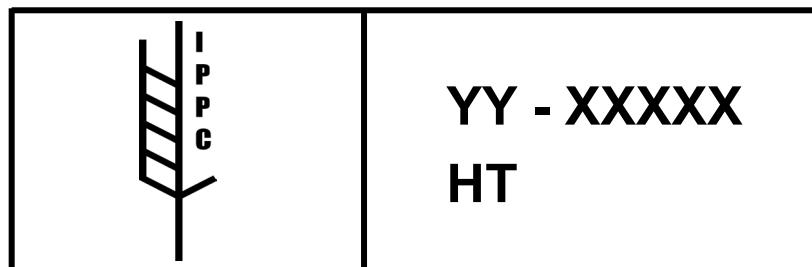

Lors du dédouanement, le document original du certificat est retiré par les organes de contrôle. Le cas échéant, il est remplacé par un passeport phytosanitaire suisse délivré par le SPF, qui doit accompagner l'envoi concerné jusqu'au lieu de destination. Les firmes qui ont l'intention de réexporter tout ou partie des marchandises importées, doivent au préalable faire une copie du certificat. Cette dernière servira de document de référence aux organes compétents pour l'établissement du certificat phytosanitaire de réexportation (certificat de réexportation).

#### ISPM 15 : Matériel d'emballage en bois et bois d'arrimage (L)

A l'annexe 1, les marchandises suivies de la lettre **L** sont concernées par la norme internationale sur les mesures phytosanitaires n° 15 (NIMP 15 ou, selon l'abréviation anglaise, ISPM 15). Y sont soumis les matériaux d'emballage en bois, plateaux de chargement du type palette et bois de calage originaires de pays autres que ceux de l'UE, mais y compris le Portugal, constitués en tout ou partie de bois brut de feuillus et/ou de conifères.

Les emballages doivent être marqués par les producteur/fournisseurs du pays d'origine à l'aide du logo IPPC<sup>1</sup> prescrit par la NIMP 15. Le logo doit être apposé de manière à ce qu'il soit bien visible et être d'une couleur autre que rouge ou orange.

Les indications suivantes sont requises :

- Logo IPPC
- Code ISO du pays d'origine (**YY-**)
- N° d'agrément de l'entreprise (**XXXXX**)
- Sigle **HT** (Heat Treatment)

Ne sont pas soumis à la norme NIMP15 les matériaux d'emballage constitués d'éléments en bois obtenus par collage, par un traitement à chaud ou par pressage (panneaux de bois aggloméré, contreplaqué, bois de placage) ainsi que de laine de bois et de sciure ou constitués de bois brut d'une épaisseur inférieure ou égale à 6 mm.

#### Dérogations à des fins de recherche scientifique

L'art. 37 de l'OSaVé à certaines conditions, l'importation e marchandises ne remplissant pas les conditions phytosanitaires d'importation, si l'importation est effectuée à des fins de recherche, de sélection, de multiplication ou de diagnostic.

Les demandes doivent être adressées à l'adresse de contact figurant au point 2. Le formulaire de demande ad hoc peut être téléchargé à partir du lien suivant :

---

<sup>1</sup> International Plant Protection Convention (Convention internationale pour la protection des végétaux)

#### 4      **Explications des abréviations et des exigences phytosanitaires de l'annexe 1**

##### **Colonne « Régime » :**

- V**      Interdit d'importation
- B**      Importation avec permis d'importation
- PC**     Certificat phytosanitaire
- PC+AD** Certificat phytosanitaire avec déclaration supplémentaire (Les déclarations supplémentaire (« Additional Declaration », **AD**) pertinentes figurent à l'annexe 2. Il y a lieu de relever qu'il y a lieu de mentionner dans le certificat phytosanitaire non seulement les déclarations supplémentaires relatives à la plante, mais aussi les déclarations supplémentaires relatives au groupe de marchandises.)
- L**      ISPM 15 : Exigences auxquelles doit satisfaire l'importation de bois d'emballage et de bois de calage
- Q**      Mise en quarantaine aussitôt après l'arrivée en Suisse

##### **Colonne « Exigences phytosanitaires »**

La colonne exigences phytosanitaires renvoie aux exigences spécifiques et à la base légale figurant dans l'OSaVé, l'OSaVé-DEFR-DETEC, l'OMP-OFAG ou dans l'OMP-OFEV.

La présente notice remplace la Notice n° 1 du 1<sup>er</sup> Janvier 2020, avec effet au 1<sup>er</sup> Mai 2020.

Office fédéral de l'agriculture OFAG

Alfred Kläy

Responsable du secteur santé des végétaux et variétés

*La présente notice ne traite pas les questions relevant de la législation douanière, des contingents tarifaires, de la convention CITES et de l'importation par des particuliers dans le cadre du trafic voyageur ! Prière de s'adresser pour ce faire respectivement à l'Administration fédérale des douanes ([www.douane.ch](http://www.douane.ch)), à l'Office fédéral de la sécurité alimentaire et des affaires vétérinaires ([www.cites.ch](http://www.cites.ch)) ou à l'Office fédéral de l'agriculture, Secteur Importations et exportations ([www.blw.admin.ch](http://www.blw.admin.ch) > Thèmes > Importations et exportations).*

*Les dispositions visées dans l'ordonnance sur la santé des végétaux sont réservées.*

## Annexe 1 - Liste des marchandises

Marchandise / Nom botanique	Origine	Régime	Exigences phytosanitaires		Tarif douanier				
			OSaVé	OSaVé-DEFR-DETEC	OMP-OFAG	OMP-OFEV	Tares		
<b>Tous les végétaux</b>									
les plantes vivantes et les parties vivantes suivantes des plantes:									
1. les fruits au sens botanique du terme,									
2. les légumes,									
3. les tubercules, les cormes, les bulbes, les rhizomes, les racines, les porte-greffes et les stolons,									
4. les pousses, les tiges et les coulants, 5. les fleurs coupées, 6. les branches avec ou sans feuillage,									
7. les arbres coupés avec feuillage,									
8. les feuilles, le feuillage,									
9. les cultures de tissus végétaux,									
10. le pollen vivant et les spores,									
11. les bourgeons, les boutures, les bois de greffe, les greffons et les scions,									
12. les semences, au sens botanique du terme, destinées à être semées;									
<b>Tous les végétaux</b>									
	Pays tiers	PC	<u>6/1</u>						
<b>Végétaux destinés à la plantation autres que bulbes, cormes, rhizomes, tubercules</b>									
A. Dispositions générales, applicables à tous végétaux destinés à la plantation, tels que plantes racinées, boutures, greffons, rameaux-greffons et cultures tissulaires et, le cas échéant, aux catégories de végétaux concernées									
<b>Plantes vivantes</b>									
<b>a1. Plantes vivantes</b>									
	Pays tiers	PC + AD	AD030	<u>7/84</u> <u>7/96</u>	ex 0601 / 0602				
<b>a2. Plantes racinées, cultivées en plein air</b>									
	Pays tiers	PC + AD	AD030	<u>7/84</u>	ex 0601 / 0602

## Annex 2 - Additional declarations on phytosanitary certificates

Sigle	EU Required additional declaration numbers	CH Required additional declaration numbers
	Text of the citation	
AD001	<b>Consignment complies with Annex VII, point 83 of Commission Implementing Regulation (EU) 2019/2072</b> <p>Official statement that the wood: (a) originates in an area free from Geosmithia morbida Kolarík, Freeland, Utley &amp; Tisserat and its vector Pityophthorus juglandis Blackman, established by the national plant protection organisation in accordance with relevant International Standards for Phytosanitary Measures, and which is mentioned on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031, under the rubric 'Additional declaration',</p> <p>or</p> <p>(b) has undergone an appropriate heat treatment to achieve a minimum temperature of 56 °C for a minimum duration of 40 continuous minutes throughout the entire profile of the wood and indicated by the mark 'HT' put on the wood or on any wrapping in accordance with current use, and on phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031,</p> <p>or</p> <p>(c) has been squared to entirely remove the natural rounded surface.</p>	<b>Consignment complies with Annex 7, point 7 of the Ordinance of EAER and DETEC on Plant health</b>
AD002	<b>Consignment complies with Annex VII, point 84 of Commission Implementing Regulation (EU) 2019/2072</b> <p>Official statement that the wood or the isolated bark:</p> <p>(a) originates in an area free from Geosmithia morbida Kolarík, Freeland, Utley &amp; Tisserat and its vector Pityophthorus juglandis Blackman, established by the national plant protection organisation in accordance with the relevant International Standards for Phytosanitary Measures, and which is mentioned on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031, under the rubric 'Additional declaration',</p> <p>or</p> <p>(b) has undergone an appropriate heat treatment to achieve a minimum temperature of 56 °C for a minimum duration of 40 continuous minutes throughout the entire profile of the bark or the wood, the latter to be indicated on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031</p>	<b>Consignment complies with Annex 7, point 8 of the Ordinance of EAER and DETEC on Plant health</b>
AD003	<b>Consignment complies with Annex VII, point 95 of Commission Implementing Regulation (EU) 2019/2072</b> <p>Official statement that the wood: (a) originates in an area established by the national plant protection organisation in the country of origin as being free from Ceratocystis platani (J. M. Walter) Engelbr. &amp; T. C. Harr. in accordance with the relevant International Standards for Phytosanitary Measures, which is mentioned on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031, under the rubric 'Additional declaration',</p> <p>(b) has undergone kiln-drying to below 20 % moisture content, expressed as a percentage of dry matter, achieved through an appropriate time/temperature schedule, indicated by the mark 'kiln-dried' or 'KD' or another internationally recognised mark, put on the wood or on any wrapping in accordance with current usage.</p>	<b>Consignment complies with Annex 7, point 19 of the Ordinance of EAER and DETEC on Plant health</b>
AD004	<b>Consignment complies with Annex VII, point 98 of Commission Implementing Regulation (EU) 2019/2072</b> <p>Official statement that the wood: (a) originates in an area free from Saperda candida Fabricius, established by the national plant protection organisation of the country of origin, in accordance with the relevant International Standards for Phytosanitary Measures, which is mentioned on the certificate referred to in Article 71 of Regulation (EU) No 2016/2031, under the rubric 'Additional declaration',</p> <p>or</p> <p>(b) has undergone an appropriate heat treatment to achieve a minimum temperature of 56 °C for a minimum duration of 30 continuous minutes throughout the entire profile of the wood, which is to be indicated on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031,</p> <p>or</p> <p>(c) has undergone an appropriate ionising radiation to achieve a minimum absorbed dose of 1 kGy throughout the wood, to be indicated on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031.</p> <p>99. Wood in the form of chips obtained in whole or part from Amelanchier Medik., Aronia Medik., Cotoneaster Medik., Crataegus L., Cydonia Mill., Malus Mill., Prunus L., Pyracantha M. Roem., Pyrus L. and Sorbus L.</p>	<b>Consignment complies with Annex 7, point 25 of the Ordinance of EAER and DETEC on Plant health</b>
AD005	<b>Consignment complies with Annex VII, point 99 of Commission Implementing Regulation (EU) 2019/2072</b> <p>Official statement that the wood: (a) originates in an area established by the national plant protection organisation of the country of origin as being free from Saperda candida Fabricius in accordance with the relevant International Standards for Phytosanitary Measures, which is mentioned on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031, under the rubric 'Additional declaration',</p> <p>or</p> <p>(b) has been processed into pieces of not more than 2,5 cm thickness and width,</p> <p>or(c) has undergone an appropriate heat treatment to achieve a minimum temperature of 56 °C for a minimum duration of 30 minutes throughout the entire profile of the chips, which is to be indicated on the phytosanitary certificate referred to in Article 71 of Regulation (EU) No 2016/2031.</p>	<b>Consignment complies with Annex 7, point 26 of the Ordinance of EAER and DETEC on Plant health</b>
